

NACAC Membership Form

It is often difficult to stay abreast of current issues related to adoption and foster care. NACAC provides information and connections to help our members help children and adoptive families. In addition, members become part of a North American network of child advocates working to make a difference in the lives of children and adoptive families.

All members receive the quarterly *Adoptalk* newsletter, discounts on conference and webinar registration, assistance from staff on a variety of issues, and discounts on exhibiting at the conference. Specific benefits are:
